State Waste Discharge Permit No. ST-7414

SECOND ADDENDUM TO FACT SHEET

August 17, 2006

This is the second addendum to the fact sheet accompanying State Waste Discharge Permit No. ST-7414, issued to Portionables, Inc., formerly Gourmet Cuisine, Inc.

The Department of Ecology is proposing to modify State Waste Discharge Permit No. ST-7414, which was issued to Portionables on May 10, 2004, allowing discharge of pretreated process wastewater to the City of Bellingham Wastewater Treatment Plant (WWTP). Portionables, Inc., informed the Department on August 9, 2006, that they would like to increase their permitted flow amount to 100,000 gpd, up from 50,000 gpd.

Along with the formal request from Portionables, was a signed letter from Geoffrey M. Smyth, P.E., City of Bellingham Public Works Superintendent of Operations, approving the request. The signed letter acts as the City of Bellingham's approval for the increased flow allotment to the wastewater treatment plant.

DECISION

Ecology has agreed to modify State Waste Discharge Permit No. ST-7414 to reflect the increase in permitted wastewater flow discharge to the City of Bellingham WWTP.

PERMIT MODIFICATIONS

The Department is proposing to modify State Waste Discharge Permit No. ST-7414 as follows:

Page 5, S1. Maximum Daily—replace 50,000 gpd with 100,000 gpd.

The changes made in this permit are consistent with WAC 173-216-120.
